Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 02 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Chilly but mostly dry away from coastal counties.

This Evening and Tonight:
Showers mainly over exposed northern parts of the UK and feeding into parts of Wales, far southwest England and coastal parts of east England overnight. Mostly dry inland but chilly, especially in the south with some frost and fog patches.

Wednesday:
Breezier than Tuesday with some strong coastal winds and feeling chilly. Showers mainly for exposed northern parts and feeding into Irish Sea coasts and along the east coast.

Outlook for Thursday to Saturday:
Mostly sunny spells on Thursday, a few showers in extreme east and southwest. Turning cloudier from the northwest later, with rain and strengthening winds steadily transferring southeast over the weekend.
